12. Does this proposal affect any other interjurisdictional agreements?

Yes No

If yes, please list these agreements:

N/A

13. Does this proposal conform to adopted county-wide planning policies on annexation?

Yes, the county-wide planning policies require cooperation on annexations in order to accomplish an orderly transfer of contiguous lands within growth areas into the adjoining cities and towns (CWPP 3.3).

The county-wide planning policies also require that the jointly adopted plan or zoning will serve as the basis for county planning decisions and as the pre-annexation comprehensive plan for the city to use when annexations are proposed (CWPP 4.3). The City of Yelm and Thurston County Joint Plan (adopted 2023) identifies the comprehensive plan designation for these properties which will be retained upon annexation.

The county-wide planning policies address the fiscal impact of annexations by stating that the jurisdictions cooperatively explore a method to mitigate the fiscal impact on county government of annexation of significant developed commercial and industrial properties (CWPP 6.2). The fiscal effects of annexation were cooperatively addressed through the City of Yelm-Thurston County Interlocal Agreement to ensure a smooth transition in the provision of services.

14. Other specific Reason(s) for Annexation:

To create more logical municipal boundaries and to provide additional housing capacity for future growth.

15. Explain how this proposal furthers the objectives of the Boundary Review Board (as applicable) (RCW 36.93.180) [attach additional pages if necessary] (Some of these items may not apply because of Growth Management Agreements.):

a. Preservation of natural neighborhoods and communities:

The annexation will incorporate an existing unincorporated island that is partially surrounded by Yelm city limits. Surrounding properties include existing subdivisions within city boundaries.

b. Use of physical boundaries, including but not limited to bodies of water, highways, and land contours:

The annexation area is bounded by ROW for the future Yelm Bypass Loop highway to the east.

c. Creation and preservation of logical service areas:

The annexation will create a more logical service area by annexing a section of land that is partially surrounded by City of Yelm land.

d. Prevention of abnormally irregular boundaries: .

As mentioned above, the annexation will remove existing abnormal and irregular boundaries by eliminating an unincorporated island that is partially surrounded by City of Yelm land.

e. Discouragement of multiple incorporations of small cities and encouragement of incorporation of cities in excess of ten thousand population in heavily populated urban areas

N/A

f. Dissolution of inactive special purpose districts:

N/A

g. Adjustment of impractical boundaries:

The annexation will create a more uniform edge to the city's boundaries by removing an impractical gap/cutout.

h. Incorporation as cities or towns or annexation to cities or towns of unincorporated areas which are urban in character

The properties within the proposed annexation will develop consistently with the requirements of the zoning district that they are located. This annexation is supported by RCW 36.70A.110(7) which states, "An urban growth area designated in accordance with this section may include within its boundaries...potential annexation areas designated for specific cities..." This RCW supports the annexation of any portion of the Yelm Urban Growth Area into the City of Yelm.

i. Protection of agricultural lands:

Consistent with the general goals of the Growth Management Act, the annexation will allow for regional population growth to be focused within the city limits of Yelm, helping to prevent urban sprawl into the outlying lands of unincorporated Thurston County. This

should help preserve the unincorporated Thurston County lands for agricultural uses.

NOTE:

The Boundary Review Board can consider the following factors (RCW 36.93.170) in deciding whether a particular decision furthers the objectives stated above:

1. *Population and territory*
2. *Population density*
3. *Land area and land use*
4. *Comprehensive use plans and zoning*
5. *Per capita assessed valuation*
6. *Topography, natural boundaries and drainage basins, proximity to other populated areas*
7. *The existence of prime agricultural soils and agricultural uses*
8. *The likelihood of significant growth in the area and in adjacent incorporation and unincorporated areas during the next ten years*
9. *Location and most desirable future location of community facilities*
10. *Municipal services*
11. *Need for municipal services*
12. *Effect of ordinances, governmental codes, regulations and resolutions on existing uses*
13. *Present cost and adequacy of governmental services and controls in area*
14. *Prospects of governmental services from other sources*
15. *Probable future needs for such services and controls*
16. *Probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area*
17. *The effect of the finances, debt structure, and contractual obligations and rights of all affected governmental units*
18. *The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county*
19. *Decisions of the Boundary Review Board must also be consistent with the Washington State Growth Management Act RCW 36.70A.020, 36.70A.110, and 36.70A.210.*

12. Indemnification and Hold Harmless.

- A. To the extent permitted by law, each Jurisdiction agrees to indemnify, defend, and hold harmless the other Jurisdiction, their officers, officials, employees, agents, and volunteers from and against any and all claims, demands, damages, losses, actions, liabilities, expenses, and judgments of any nature whatsoever, including without limitation, court and appeal costs and attorneys' fees, to or by any and all persons or entities, including without limitation, their respective agents, licensees, or representatives, caused by or arising out of any negligent act, errors, or omissions, of that Jurisdiction, its employees, agents, or volunteers or arising out of, in connection with, or incident to that Jurisdiction's performance or failure to perform any aspect of this Agreement.
- B. The Jurisdictions waive their immunity under the Washington State Industrial Insurance Act, Title 51 RCW, to the extent required by this indemnification and hold harmless provision. Provided, however, the foregoing waiver shall not in any way preclude a Jurisdiction from raising such immunity as a defense against any claim brought against a Jurisdiction by any of the Jurisdiction's respective employees. This waiver has been mutually negotiated by the Jurisdictions.
- C. The provisions of this section shall survive the completion or expiration of this Agreement or termination whether termination is by one or all Jurisdictions.
- D. The Jurisdictions agree to support each other in pursuing these purposes and responsibilities and operate in good faith and partnership in carrying them out. Risk and accountability shall be shared to the extent possible by the Jurisdictions.

13. Amendments.

This Agreement may be amended as needed by mutual written agreement of the Jurisdictions as executed by each Jurisdiction's authorized governing authority as provided in Chapter 39.34 RCW.

14. Termination.

This Agreement may only be terminated prior to annexation of the area to be annexed described in Section 1 of this agreement when the terminating Jurisdiction provides written notice to the other Jurisdiction at least 90 days prior to its intended withdrawal from this Agreement. Following a termination, the Jurisdictions are mutually responsible for fulfilling any outstanding obligations under this Agreement incurred prior to the effective date of the amendment or termination.

15. Dispute Resolution.

The Jurisdictions mutually agree to use a formal dispute resolution process such as mediation, through an agreed-upon mediator and process, if agreement cannot be reached regarding interpretation or implementation of any provision of this Agreement. All costs for mediation services would be divided equally between the Jurisdictions. Each Jurisdiction would be responsible for the costs of their own legal representation. This Agreement has been and shall be construed as having been made and delivered within the State of Washington and it is agreed by the Jurisdictions hereto that this Agreement shall be governed by the laws of the State of Washington both as to its interpretation and performance. Any action of lawsuit in equity, or judicial proceeding arising out of this Agreement shall be instituted and maintained only in a court of competent jurisdiction in Thurston County, Washington or in the superior court of either of the two nearest judicial districts pursuant to RCW 36.01.050.

18. Severability.

If one or more of the clauses of this Agreement is found to be unenforceable, illegal, or contrary to public policy, the Agreement will remain in full force and effect except for the clauses that are unenforceable, illegal, or contrary to public policy.

19. Entire Agreement.

The Jurisdictions agree that this Agreement is the complete expression of its terms and conditions. Any oral or written representations or understandings not incorporated in this Agreement are specifically excluded.

20. Non-Waiver of Rights.

The Jurisdictions agree that failure to declare any breach or default immediately upon the occurrence thereof, delay in taking any action in connection with, or the forgiveness of the nonperformance of any provision of this Agreement does not constitute a waiver of the provisions of this Agreement.

21. Equal Opportunity to Draft.

The Jurisdictions have participated and had an equal opportunity to participate in the drafting of this Agreement. No ambiguity shall be construed against any Jurisdiction upon a claim that that Jurisdiction drafted the ambiguous language.

IN WITNESS WHEREOF, the Jurisdictions hereto have caused this Agreement to be executed by the dates and signature herein under affixed.
