Evaluating Actions

What’s Done:

February meeting:
- SAC selected action screening criteria (right).
- SAC reviewed and revised list of 129 actions.

Early March:
- Project team made SAC edits, resulting in a net 108 actions.
- Project team organized actions by type (Incentives, Regulations, etc.)

Small-Group Exercise

**Process:**

- Split into 3 groups:
  - Flooding & Erosion
  - Transportation & Energy
  - Wildfire & Hazard Response
- Screen each action using criteria (*right*)
- Consult list of actions/risks and project goals (*meeting binder*)

**Advice:**

- Most actions affect several red risks ...
  - Consider *average* degree to which the action would reduce the *red* risks
  - Reword actions or strike risks with weak link to actions, if desired
- Make notes on posters as needed
