

# Thurston County **ARE YOU PREPARED** for *Climate Change?*

## COMMUNITY FORUM

South Puget Sound Community College (SPSCC) Lacey Campus, Building 1,  
4220 6th Ave SE Lacey, WA 98503

Storms, floods, droughts and wildfires affect us today, and climate change will make them more frequent and intense tomorrow.

You're invited to a community forum to discuss actions our community can take to reduce, prepare for and adapt to these and other climate change impacts. Working together now will help make us more resilient in coming decades. So let's be prepared — no matter the risk.
