a. Preservation of natural neighborhoods and communities:

Services are already provided by FD12; no impact on neighborhoods.

b. Use of physical boundaries, including but not limited to bodies of water, highways, and land contours:

Boundaries would be those of FD12 in their entirety as the City of Tenino sits in the middle of FD12: Lewis County line to the south, West Thurston Regional Fire Authority to the west, SE Yelm Fire Authority to the east and East Olympia Fire District 6 to the north.

c. Creation and preservation of logical service areas: Services provided by FD12 are the same as those provided in the city currently by district FD12.

d. Prevention of abnormally irregular boundaries: Boundaries would be those of FD12 in their entirety.

e. Discouragement of multiple incorporations of small cities and encouragement of incorporation of cities in excess of ten thousand population in heavily populated urban areas

Not Applicable

f. Dissolution of inactive special purpose districts: Not Applicable

g. Adjustment of impractical boundaries: Currently, both FD12 and City of Tenino are working under contract for fire protection and emergency medical services. The proposed merger 1) will allow city taxpayers to vote on fire department issues, 2) City taxpayers will be able to run for commissioner positions.

h. Incorporation as cities or towns or annexation to cities or towns of unincorporated areas which are urban in character

Not Applicable
i. Protection of agricultural lands:

Not Applicable

1. Population and territory
2. Population density
3. Land area and land use
4. Comprehensive use plans and zoning
5. Per capita assessed valuation
6. Topography, natural boundaries and drainage basins, proximity to other populated areas
