

Winter is almost here...

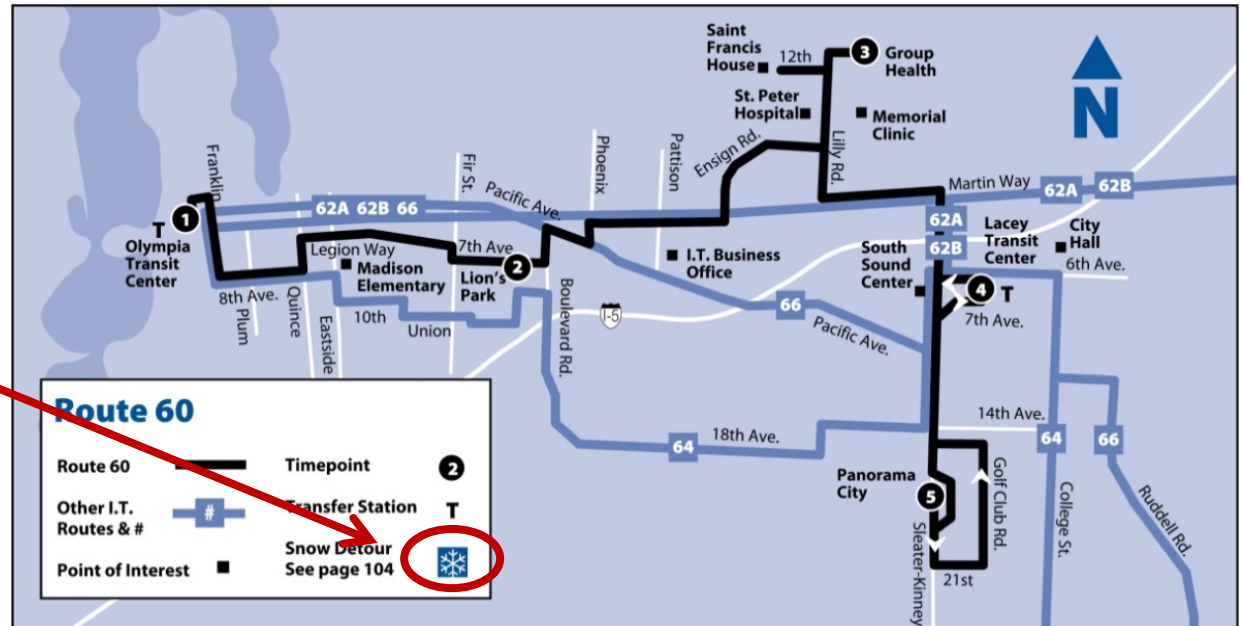

Make a plan before bad weather hits

- Snow and ice don't stop our buses—let us get you there safely.
- Use our **online Trip Planner** to find your route.
- Take a test ride.

Snow Detours

- Routes with standard snow detours include: 12, 41, 42, 45, 47, 60, 64 and 68. Look for the snowflake icon on the route map.

To find out about Snow Detours

- Sign up for text or email alerts for the routes you ride at: intercitytransit.com/subscribe
- Bookmark our Rider Alerts page at intercitytransit.com/rider-alerts. A Rider Alert will be posted there if winter weather impacts any of our routes.
- Check **Facebook** (Intercity Transit) or **twitter** (@intercitytransi)
- Listen to local **radio stations**: KGY; KRXY; KXXO
- Call Customer Service at **360-786-1881**

Catching the bus

Catch your bus at a stop on a flat portion of the street, at Transit Centers, or a transfer point to avoid hills.

- Know your snow route. If your bus is on standard snow detour, your regular stop may be closed.
- When the bus approaches your stop, stand back from the curb until it stops completely.

When waiting for the bus...

- Wear **warm, bright or reflective clothing.**
- Use a **flashlight, reflector, or your cell phone** so our drivers can see you.
- Understand that buses will likely be delayed (and crowded)
...use **OneBusAway** (on routes that aren't detoured).
- Follow the tips on **page 96** of the **Transit Guide.**

Tips for Vanpoolers

- **Create a plan in advance.**
- Don't leave anyone behind.
- **Don't drive** if you don't feel comfortable.
- If you get stuck in the snow, call **360-786-8703**.
