- Look left, right, and left again before crossing.

**Bicycle Safety**

1. Always wear a bike helmet, no matter how far you’re going!
2. Ride in the same direction as the car traffic.
3. Stop at intersections and cross when it is safe.
4. Don’t follow the rider in front of you at an intersection until you have stopped and looked both ways on your own.
5. Use hand signals (right turn, left turn, stopping).
6. When riding on a sidewalk, ride very slowly (about the same speed as the walkers) and let walkers know if you are going to pass.
